*Just back from Hols. August is going to be hectic so thought I better get the mag out early or I wouldn't get it out before the end of the Month. (Another great plan bites the dust - I forgot to order labels from the labels man before he went on holiday - sorry for the delay!!)
Alex.*

Deadline For October Newstrack Is 12th October

Planners Comments

The privilege of age is to give advice; that of youth to reject it - so I merely suggest that it is inadvisable to encourage ones wife to win the Club Championship or you could find yourself planning next year's event in an area such as Linacre.

Already my clearest recollection of the competition area is of a luxurious growth of brambles daily advancing to obliterate each path and feature standing in its way. Believing that orienteering should be "running navigation" my aim was to keep competitors out of the worst concentrations of bramble but, as a result, some legs were not as interesting as I should have liked. Despite this, I hope you enjoyed your run.

Apologies to two competitors on the long course on whose maps a control site was inaccurately marked. My fault for not realising the error at the checking stage.

Thanks to Steve for calculating your handicap. Actually he got off comparatively lightly as there was a time when one of the Chairman's perks was to plan and organise the Club Championships single-handed. Perhaps now is the time to consider reviving this tradition!

Thanks also to those who collected controls for us in the gathering dusk.

Finally, congratulations to Chris Godfree, a worthy winner, who becomes custodian of the Chris Yardley Trophy for the next twelve months.

Bill Woodward.

Cromford Moor - 14th July

Organised by Graham Johnson for the SYO v NOC Compass Sport Cup. This was a close run thing with SYO winning by 64 to 62. The decisive course being BLUE which SYO won 15 to 6. The number of orienteers who retired seemed quite high and about half a dozen had wrong controls. DVO members were allowed a run and the following were the best results in each course:

Yellow	12th	Sian Hall	Light Green	18th	Mathew Luxton
Green	8th	Jeremy Court	Blue	4th	Andy Clayton
Brown 1	2nd	John Hawkins	Brown 2	25th	Martin Brown

Summer Training Evenings

The planned Summer Evening Training Sessions are now over and its time for some people to go abroad and others to bash through the bracken at home! I hope everyone enjoyed these evenings and thought they were worthwhile.

Our first session at Cromford saw an encouraging number of people wanting to do some technique training. Exercises on offer were attack points, control picking (very short legs), and control hanging with a partner.

A fortnight later 14 keen DVO members ran the 5 Mile Burbage fell race which followed a scenic and challenging course over Higger Tor and Burbage Edge:

14	John Hawkins	36.48
32	Steve Kimberley	39.33
68	Andy Thompson	41.52
88	Graham Johnson	43.25
93	Kev Cunniffe	43.42
111	Dave Clough	44.42
120	Martyn Hodgson	45.36
126	Roz Clayton	46.00
144	Pete Jones	47.06
148	Andy Clayton	47.31
149	Annie Carrington	47.32
150	Dave Brodie	47.33
190	Helen James	55.44
200	Viv McDonald	60.35

Those who turned up at Lea Bridge on June 3rd will certainly remember that evening! Everyone had left home in bright sunshine but by 6.45 thunder could be heard and by 7 o'clock it was bucketing down, with thunder and lightening simultaneously. Eight brave souls did go for a run and, I believe, returned in one piece. Due to the washout, and Matlock Forest being cut down, we had a re-run of this footpath score event on July 15th. This time the weather was kind and six teams each of 3 people went out to solve as many clues as they could in the hour allowed:

	SCORE	PENALTIES	TOTAL
Team: Steve B. Andy Kim	610	10	600
Al Dave C. Jeremy	570	20	550
John Dave W. Liz	600	70	530
Steve K. Mike God. Judy	490	0	490
Alex Chris Sue	480	10	470
Graham Paul Mike Gard.	540	160	380

Training at Shining Cliff proved to be more of a fight with the bracken and brambles than a chance to practice techniques. Well done all those who went all the way round the multi technique course - how many of you missed out the line and so missed the lovely sweet bilberries?

The least well attended session was in my opinion probably the most beneficial at Longshaw. I used the technically easy, flatter and less brackeny area to do two exercises without a map - compass & pacing, and map memory. The third was a control hanging exercise, an excellent exercise if your partner hangs the controls in the right place! (Point taken - Ed.)

I would like to thank everyone who helped to bring in the controls, in particular Mike & David Godfree who helped on every session. I would welcome comments on these sessions and suggestions for improvements next year.

It is interesting to note that though this was a bike '0' runners were allowed and given a 30% bonus onto their score. The first three all ran and the score includes their bonus. Perhaps I was too generous.

Cromford Meadow Relays

This event was a lot more informal this year partly due to an unfortunate lack of notice before the event. As a result teams were made up on the day from the DVO members who turned up. Each team consisted of four people with one long, three medium and two short legs having to be done by each team.

As you can see from the above the teams seemed to be fairly even. In team A Russell Buxton injured his ankle on the first leg so John Hopper, a late arrival, took his place for the next leg. Most of the problems occurred on the first leg. On the medium course both Chris Godfree and Jeremy court went wrong on the medium and lost time. On the long course the paths in Bow woods were hard to find thanks to the bracken. I thought I had gone badly wrong when I ended up going through a big bramble patch, however Dave Clough apparently even tried to combine both medium and long legs into one when he went wrong. Unfortunately for him his errors could be seen from the finish field at Cromford. Anyway for those interested find below the individual times.

MDOC Footpath Relay

Listed below are the results from the Long Distance Footpath Relay. I have copies for all runners which I will endeavour to distribute. Please remember that many of you still owe me for your runs, £1.30 seniors, 65p juniors.

Also still one outstanding relay debt from the British. He knows who he is - or do I need to remind you publicly Jubby?

Enjoy the rest of your summer hols. See you all fit and active in september.

Sue.

Organisers' Comments

Thanks to everyone for coming, and thanks to all the MDOC members who helped with the organisation.

We are sorry that you have had to wait so long for these results - holidays intervened. We have done our best to make them accurate, from information given in advance and collected on the day, but apologise for any errors.

COMING EVENTS

DVO Goes French

Hopefully I will have full reports from our 29 or so explorers who are, at the time of writing, on their way down to France to compete in the sweatiest event of the year. I also look forward to Dave Clough's comments after he experiences the Bunji Jump!!!!

DVO BBQ

Everyone had a smashing time at Kath & Ian's despite the weather. It was a bit of a tight squeeze under the canopy trying to keep dry and at the same time not get burnt. As usual Scotland won the football, with the help of a few good English players.

SPORTS SCHOOL NURTURES STARS OF TOMORROW

PLANNING for performance is now widely recognised as an essential element in the drive for excellence in sport.

The Midland School of Sport has taken the message on board - not only will the organisers be aiming to develop skills at Keele University from July 19-24 but also give a framework for future development in planning nutrition, mental preparation and training cycles.

This year's School will have 110 participants representing seven sports - cycling, girls basketball, netball, girls football, orienteering, fencing and squash.

The 21 coaches have already met for an "education" day at Loughborough, which enabled them to plan imaginative programmes. The National Coaching Foundation has also contributed to the programme to ensure that coaches are using current best practice.

Sponsored jointly by the Sports Council East and West Midland Regions, the School is led by Regional Officer John Palmer and administrator Pauline Prior.

Commented Dr. Palmer: "We hope that participants will improve their skills during the week but the main aim is to give them a framework and an approach to sport which will stand them in good stead for the future."

"That's why we are concentrating on the 14-17 years age range, which is the time when those who are going to make it to the top need to start systematic training programmes."

The most recent success story from the School of Sport is Dave Godfree from Mickleover in Derbyshire, who has been selected for the British team for the World Junior Orienteering Championships in Finland.

OUTLOOK

NORTHERN EDITOR: WILLIAM ELLERD-STYLES

Runners gather with maps at the ready

THE CRACK troops of map and compass racing are advancing towards the Cumbrian fells for one of the greatest events of world orienteering. Bigland Estate, 1,200 windblown acres of moor, mountain and forest, is the venue for Britain's major international gathering, the JK Festival, which runs from April 17-20.

More than 4,000 competitors from 12 countries will take part. The first two days will be marked by a series of individual events. On the third day — Easter Monday — club teams of all ages will compete in a series of relays sponsored by The Daily Telegraph.

These events include the blue riband competitions of the weekend — the JK Trophy for senior club teams in which each team's four members each run an 8 km section.

For the past three years the men's event has been won by a Swedish club, OK Tyr, but this year the Swedes face a hard battle from leading British teams which include Sheffield University and South East Lancashire.

Frank Rose, 62, from Romiley, Cheshire, is the co-ordinator. He and his wife, Kath, took up orienteering some 20 years ago. He says: "We caught the bug from our children who were both keen competitors."

When Frank and Kath strode their first course there were about 5,000 orienteers in

The orienteers are congregating in Cumbria, writes Alan Bennett

Britain. Now the number has doubled and is rising steadily.

Rose describes the sport as: "Cross country, point-to-point racing with map and compass, each competitor finding his way around a series of control points by the fastest route."

The Scandinavians are masters of the art. The JK Festival takes its name from a young Norwegian, Jak Kjellstrom, who encouraged the sport in Britain and who was tragically killed in a car accident.

The chief planner of this year's course is Tony Pennick who lives in St Bees, Cumbria, works in the energy industry and has a reputation a "hard man".

Rose chuckles: "It is going to be real up-and-downer, a genuine stamina sapper which should not be taken lightly by anyone from the soft South or anywhere else for that matter."

He has been actively involved in organising the event for two years.

Like so many of his fellow enthusiasts, Rose is mustar-keen. He says: "There is a fascination in the achievement of competing against yourself and the course, pitting your wits and physical

strength against the terrain, the elements and the wiles of the course planner."

The influx of competitors, families and friends into Lakeland has posed a huge accommodation problem. Apart from a YMCA centre and rooms at Bigland Hall, schools, hotels and guest houses have been taken over.

The Bigland Hall estate, near Newby Bridge, which looks out over high peaks and across Morecambe Bay, has recently changed ownership.

Richard Bigland, aged 32 and member of a family that has lived at the estate since 1161, found that increasing costs had made it impossible to maintain.

He was one of the first estate owners to introduce diversification with a riding school, holiday flats, clay pigeon shooting, archery and angling. The new owners are farmers, Mr and Mrs Geoffrey Holmes from Bridlington, Humberside.

Rose says that the Holmeses have given a great deal of support to the festival.

There were worries at one stage that arrangements might have been harmed by the sale. But all's well that ends well and the Easter weekend at Bigland will echo to the sound of grunts, puffs, squeaking running shoes and much applause as the map and compass brigade — aged 10 to 70 — try to find the shortest distance between numerous points.

DEAR ED.

Dear Ed,

Enclosed is a copy of page 34 of the family history of one branch of Nigel's family as researched by his sister and brother-in-law. He can trace his ancestry back to the Biglands 8 generations ago, along the male line (1727) !!!

We were thus very interested to have the opportunity to see Bigland at the J.K., but disappointed to see it looking so tatty. But the orienteering made up for it:- the terrain & scenery were superb.

THE SCENE IS ALMOST THE SAME TODAY. THOSE WHO GO AND TRY TO PHOTOGRAPH THE HALL FROM THE VANTAGE POINT CHOSEN BY THE ARTIST WILL FIND THAT MUCH ARTISTIC LICENCE HAS BEEN USED AND THAT THE LAKELAND PEAKS DO NOT TOWER UP AS MUCH AS THEY ARE SHOWN HERE.

DVO MEETINGS

1992 AGM

This will be held on the 23rd September at the Scout Hall in Milford after the hill race from the same place, starting at 7pm. (cost 50p - I think).

The venue will be signposted from the Strutt Arms on the A6 in Milford (next to the car park for the Garden Centre).

Committee & Open Meetings

Items from the Committee and Open meetings held in May and June

Social Secretary - still a need to find someone to fill this post.

Forestry Commission land - agreed that we would pay £100 for the next twelve months to use FC land for between one and twelve training sessions in that period. This is better value for money than paying for individual sessions.

Sponsorship of maps - Andy Stevenson is looking into this, to see whether local firms may be willing to sponsor maps. Any ideas - please let Andy know.

Grants towards training costs - the open meeting agreed the following policy:-

"That the club is keen to support members who wish to undertake training or who are involved in tours with the Regional, England or Great Britain squads.

It is proposed that a sum is earmarked by the Committee, in the current account, at the beginning of the financial year for this purpose.

A contribution would generally be made to applicants on a first come, first served basis. All applications for grant should be made in writing to the Secretary before the tour is undertaken.

If, during the course of the year, the sum allocated is likely to be insufficient, then the Committee would review the resources available and see if any action is needed."

The amount to be set aside for this purpose will be discussed at the AGM.

EMOA MEETINGS

1992 AGM

The AGM of the EMOA is at Sandiacre Frieland Sports Centre at 7:30 on Tuesday 13th October 1992. All BOF/EM members are welcome. Near Junction 25 of M1.
